DUAL DIAGNOSIS SUPPORT FELLOWSHIP

"This group has become part of the community. I like it because there's no judgment and no stigma."

*Sophia,
Celebrating recovery*

NAMI Southeast Minnesota's Dual Diagnosis Support Fellowship is a specialized support group for people who have a mental health condition and symptoms of a substance use or addictive disorder. It combines elements of Double Trouble in Recovery, an evidence-based, peer-led Twelve Step fellowship, with NAMI Connection to meet the unique needs of people navigating dual diagnoses. Participants share experience, strength and hope.
