

Meet Kaylynnne

Kaylynnne (10) has a creative, spunky, funny, and helpful personality. Kaylynnne enjoys being active outdoors and doing various activities such as riding her bike, swimming, jumping on the trampoline, and recently found a love for riding go-carts. Kaylynnne is an animal lover and enjoys playing with various animals. Kaylynnne loves to be social and build relationships with peers and adults. She enjoys being creative through arts and crafts, painting, and drawing pictures.

Kaylynnne would do best in a home with patient and understanding caregivers who have clear expectations, strong communication skills, and are able to provide Kaylynnne with the attention and structure she needs and deserves. She would also benefit from having a family who is open to exploring her interests and trying new activities. She enjoys going to the local YMCA, especially when she can go swimming.

Caregivers that have flexible work schedules or have a stay-at-home parent would be ideal. Families should be open to maintaining contact with Kaylynnne's existing support system. Kaylynnne would do best as an only child or being the youngest child in the home.
