

# Meet Patrick

Patrick (12) is a funny, energetic, animal loving pre-teen who is looking for his forever family. Patrick enjoys making new friends at every opportunity. Patrick is also quite a funny kid, and enjoys making people laugh. Patrick likes video gaming, the Vikings & fishing. Patrick is very open-minded to trying new things, and enjoys new experiences. Patrick loves making people happy and being a comedic relief even in hard situations.

Patrick is open to most family settings and is focused on finding the best fit for himself. He would however, prefer a two parent household. Patrick would like to have a sibling around his age or older that has good boundaries. He would do best in a home that is open to an active lifestyle. One must have for Patrick is to have a family with animals, or open to getting animals.
