

Meet Rosealee

Rosealee (Rosie, 8) is sweet, adventurous, creative, and active. She is an animal lover and especially loves cats. Rosie loves the movie Sonic, and her favorite character is Amy Rose. She likes to be creative by coloring and playing with Legos, and listening to music. Rosie also enjoys playing outside with her toys, playing at the park, and swinging on swings. Rosie is always on the move and would enjoy a family that will take her on lots of adventures.

Rosie would do best in a two-parent household with structure, patience, and a strong support system. She will need to be in a home with no other children or with children that are older. Families should be open to maintaining contact with Rosie's existing support system.
