

Meet Riley

Riley (13) likes to spend quality time telling stories and jokes. Riley loves to socialize, but does better in smaller group settings. He is very knowledgeable in many topics including science, bugs, and how things are built. Riley has a great imagination and likes putting these thoughts on paper. He loves keeping his hands busy and has a significant interest in Legos, inventing, and building things. Riley loves playing with his Pokemon cards and teaching others how to play. Riley has lots of energy and is always up for an adventure. Riley finds joy in riding his bike, going to the park, hiking, swimming, cross country and downhill skiing. Riley also enjoys music, reading and cooking.

Riley treasures bugs and creatures and cares deeply for his pet bearded dragon. He would do well in a two-parent home that can provide structure and routine.

Only families from Minnesota and bordering states are being considered at this time.
